FIT & FINISH

THE PERFECT CAB

- Dedicated cab component mounting points engineered into vehicle
- Styled to complement the design of RANGER XP[®] 900 and RANGER CREW[®] 900
- Elimination of cab framework increases rider's field of vision

QUALITY & DURABILITY

TESTED TOUGHNESS

- Professional-grade cab materials built to meet your performance needs
- Engineered and tested to the same demanding standards as RANGER XP[®] 900 and RANGER CREW[®] 900

THE NEXT LEVEL OF INNOVATIVE INTEGRATION

EXCLUSIVELY FOR RANGER XP® 900 AND RANGER CREW® 900.

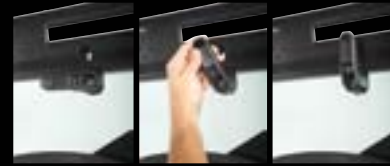

MODULARITY

THE REAL DEAL

- Any combination of windshield, roof, doors and rear panel fits together and installs easily
- Choose the components that best meet your needs
- Upgrade your RANGER® experience with accessories including heater, wipers, audio and GPS

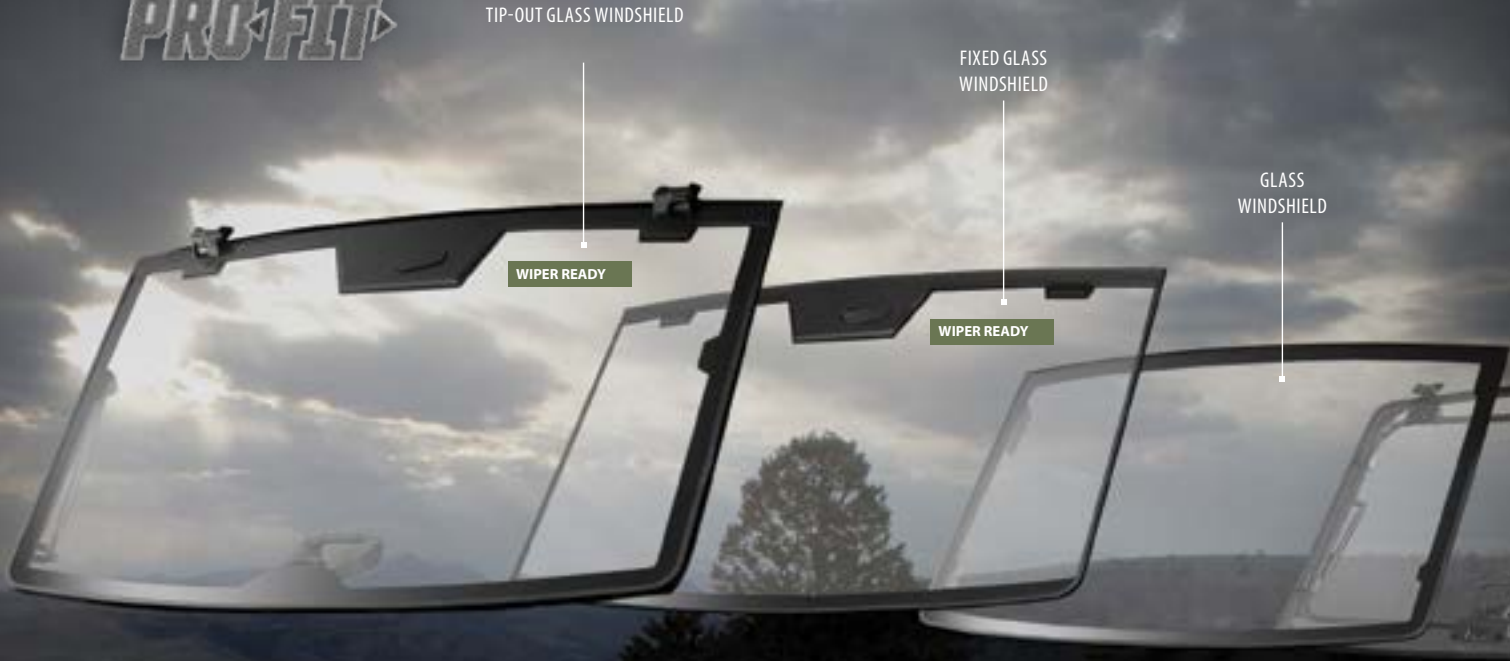

INSTALLATION

MAKE THE CALL

- Purpose-built chassis features dedicated component attachment points
- With Lock & Ride® technology, install accessories that meet your needs
- Install a complete cab system in under 60 seconds

**LOCK & RIDE
PRO-FIT**

YOUR RIDE, YOUR SIZE, CUSTOMIZED.

THE VERSATILE LOCK & RIDE[®] PRO-FIT[™] CAB INTEGRATION NOW OFFERS EVEN MORE CUSTOMIZATION OPTIONS FOR BOTH RANGER XP[®] 900 AND RANGER CREW[®] 900. THE EXTRA SPACE IS YOURS TO FILL IF YOU NEED IT. EITHER WAY, EVERY ACCESSORY INTEGRATES SEAMLESSLY WITH WHATEVER CAB SIZE YOU CHOOSE.

SELECT LOCK & RIDE[®] PRO-FIT[™] COMPONENTS THAT MEET YOUR NEEDS FOR:

CONSTRUCTION

These professional-grade components come in several durable materials that deliver the protection and productivity you need.

FINISH

Cab components feature interior liners, premium door latches, power windows and wiper/washer kits that deliver automotive-quality fit and finish.

COMFORT

Windshields, rear panels and doors provide protection and airflow, while sound-dampening materials in doors and roofs reduce operating noise.

INSTALLATION

Polaris[®]-exclusive Lock & Ride[®] technology makes cab installation or removal easy with quarter-turn handles, snap-on roofs and dedicated mounting points.

LOCK & RIDE[®] PRO-FIT[™] ADVANTAGES

CURVED GLASS

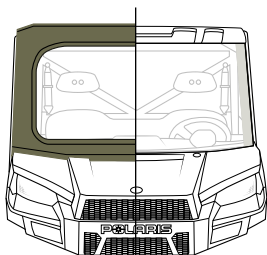

Automotive-style curved glass provides the best fit and finish, improved interior sound dampening and optimized visibility.

Curved windshields for the best fit and finish

IMPROVED VISIBILITY

There's no exterior framework on the windshields, so riders enjoy a full, uncompromised field of vision.

Other Cabs

Lock & Ride[®] PRO-FIT[™]

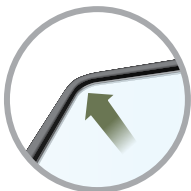

REVOLUTIONARY INSTALLATION

Windshields install easily in designated attachment locations and lock securely in place using Lock & Ride[®] technology.

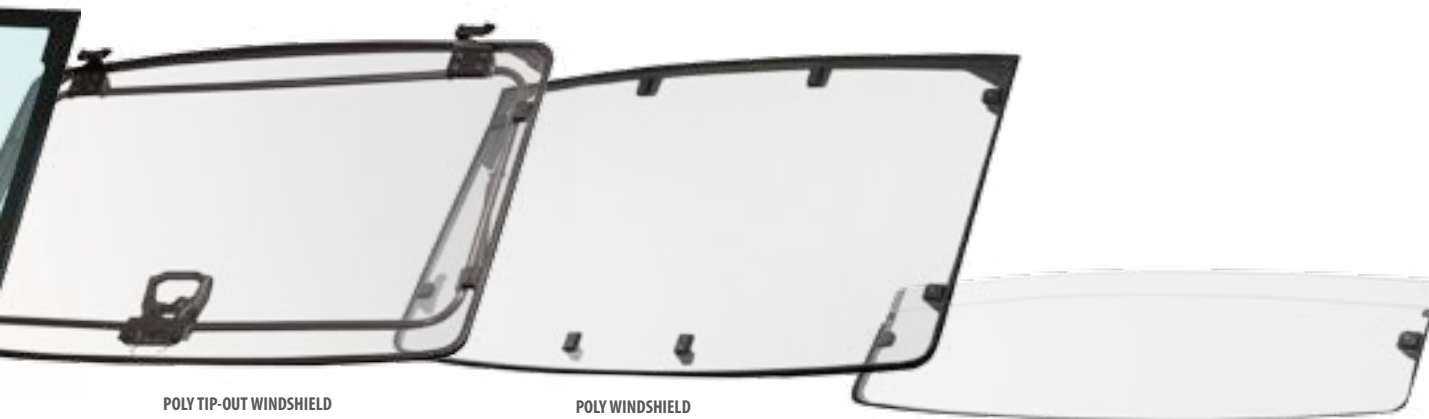

360° GASKET SEAL

The windshield seals into place with a 360° gasket for reliable protection and comfort.

Gasket runs the perimeter of windshield for a solid 360° seal

XP 900 MY 13-14
Not recommended for use without a windshield or with a half windshield

- Sound-dampening headliner for improved comfort and optimal finish
- Durable injection-molded polyethylene, structured to eliminate distortion in high-heat conditions
- Integrated water channels drain water away from the cab
- Styled to match the lines of the RANGER XP[™] 900
- Lock & Ride[™]: Quick and easy snap-on installation and removal
- Includes Roof Sealing Kit

STRUCTURE	INTERIOR FINISH	SOUND DAMPENING	EASE OF INSTALL
5	5	5	3

LOCK & RIDE[®] PRO-FIT[™] ADVANTAGES

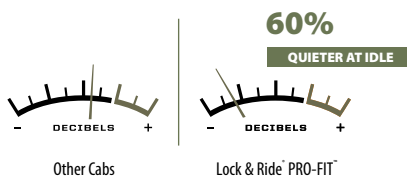

SEALED COVERAGE

Just as roof shingles overlap for seamless coverage, these easy-to-install roofs extend over the tops of all other cab components to create a sealed enclosure.

QUIETER RIDE

Every Lock & Ride[®] PRO-FIT[™] roof reduces the interior noise level, especially with sound-absorbing liners. Noise levels are up to 60% quieter at idle and 40% quieter at 20 mph.

REVOLUTIONARY INSTALLATION

Lock & Ride[®] PRO-FIT[™] roofs install directly into mounting points in the RANGER XP[®] 900 and RANGER CREW[®] 900 cab frame, providing the easiest installation and a sealed fit.

! Adding a windshield to any open-air vehicle creates a low-pressure area behind the windshield that attracts dust. To minimize this effect, use the Polaris' rear panel any time a windshield is installed. Polaris' does not recommend combining other components from other cabs.

! Fully utilize venting features while charging RANGER® EV.

CREW POLY CAB

CREW POLY CAB COMPONENTS FEATURE TPO THERMOPLASTIC MATERIAL, WHICH CREATES A DURABLE, RIGID, IMPACT-RESISTANT CAB THAT CAN WITHSTAND HIGH-HEAT ENVIRONMENTS. THEY INSTALL EASILY WITH AN IMPROVED SEAL, HAVE ENHANCED STYLING AND OFFER GREATER VISIBILITY. THESE COMPONENTS ALL LOCK QUICKLY INTO PLACE USING POLARIS®-EXCLUSIVE LOCK & RIDE® TECHNOLOGY.

MID-SIZE CREW CREW 500 MY 11-14, CREW 570 MY 14

LOCK&RIDE®

Lock & Ride® Poly Windshield features scratch-resistant hard-coated polycarbonate, a 360° seal and greater field of vision

Roof design promotes efficient draining of rainwater

CREW Poly Cab components are lightweight as well as extremely strong and durable

Slider windows provide increased ventilation

Textured finish matches vehicle for integrated look

For the ultimate convenience, easily remove doors without tools

CREW CANVAS CAB

THE CREW CANVAS CAB IS EASY TO INSTALL OR REMOVE, SO IT CAN BE ADDED QUICKLY WHEN RIDERS WANT SHADE OR PROTECTION FROM THE ELEMENTS. IT'S A VERSATILE, HIGH-VALUE ENGINEERED ACCESSORY.

CREW 500 MY 11-14, CREW 570 MY 14

Lightweight CREW Canvas Cab can be installed whenever riders want shade or protection

Constructed of lightweight, weather-resistant canvas, roof and rear panel enclosure offer a structured perimeter and see-through acrylic rear window with easy on-and-off attachment

Poly Windshield provides protection from the elements while maximizing visibility

Zip-open windows provide adjustable ventilation and access from inside the cab

Quick pins make it easy to install/remove the steel-framed canvas doors, and the new latch offers improved operation and a more secure closure

CREW Canvas doors are easy on-and-off with acrylic windows and external latch closures

CAB ACCESSORIES

ADDING CAB ACCESSORIES WILL DELIVER THE COMFORT AND PERFORMANCE YOU NEED FOR THE WAY YOU WORK, HUNT OR RIDE. YOUR RANGER® WILL BE TOUGH AS ALWAYS ON THE OUTSIDE AND OPTIMIZED ON THE INSIDE.

HEATER/DEFROST KITS:

WHAT FITS AND WHAT YOU'LL NEED

When you purchase a heater or defrost kit, be sure to get the correct adaptor for proper installation. Using this chart, find where your heater or defrost kit lines up with your RANGER® model and its model year.

Note that adaptors are also required for installation in selected RANGER® models.

SHOWN: RANGER XP 900 HEATER KIT 2879213

ROOFS

CUSTOMIZE YOUR ROOF FOR YOUR KIND OF RIDE. WHETHER IT'S FOR PRIVACY, PROTECTION, STYLE OR SHADE, THERE'S A ROOF THAT WILL SEAMLESSLY FIT AND FUNCTION WITH YOUR RANGER.

LOCK & RIDE[®] PRO-FIT[™] CREW SPORT ROOF

- Injection-molded polycarbonate
- Attaches in designated, integrated mounting locations atop cab frame using Lock & Ride[®] fasteners
- Includes mounting hardware

2879642 | Black

CREW 900 MY 14

Optional Roof Seal Kit 2879644 (sold separately) recommended for use with a complete cab

LOCK & RIDE[®] PRO-FIT[™] CREW ROOF SEAL KIT (NOT SHOWN)

NEW | 2879644

CREW 900 MY 14

LOCK & RIDE[®] PRO-FIT[™] CREW CANVAS ROOF

- Premium, heavy-duty, mold-resistant polyester with UV stabilizers
- Aluminum roof bow provides constant tension for a finished look and to shed water away from the roof
- Gasketed design with heavy-duty cinch-tight buckles provides a snug, secure fit
- Installs easily using mounting locations integrated in cab frame

2879898 | Black

CREW 900 MY 14

LOCK & RIDE[®] PRO-FIT[™] STEEL ROOF

- Thick 12-gauge steel construction for unmatched strength and durability
- Durable powder-coated finish for scratch and corrosion resistance
- Sound-dampening headliner for reduced interior noise
- Installs easily in mounting locations integrated in cab frame for gap-free, sealed cab environment
- Roof extends over the tops of all other cab components for optimized sealed installation
- Sound-absorbing liner for reduced interior noise level: up to 60% quieter at idle and 40% quieter at 20 mph with full cab installed

2878850

XP[®] 900 MY 13-14

Not recommended for use without a windshield or with a half windshield

LOCK & RIDE[®] PRO-FIT[™] PREMIUM ROOF

- Sound-dampening headliner for improved comfort and optimal finish
- Durable injection-molded polyethylene, structured to eliminate distortion in high-heat conditions
- Integrated water channels drain water away from the cab
- Styled to match the lines of the RANGER XP[®] 900
- Lock & Ride[®]: Quick and easy snap-on installation and removal without tools
- Includes Roof Sealing Kit

2878851

XP[®] 900 MY 13-14

REAR PANELS

TRULY CUSTOMIZE FROM FRONT TO BACK. THREE UNIQUE REAR PANEL MATERIALS LET YOU OPTIMIZE YOUR RIDE FOR THE PERFECT MIX OF SAFETY AND AIRFLOW. PLUS, A REAR PANEL ELIMINATES WIND SWIRL THAT CAN OCCUR IF ONLY A WINDSHIELD IS INSTALLED.

LOCK&RIDE®

LOCK & RIDE® PRO-FIT™ SLIDING WINDOW REAR PANEL

- Sliding window provides ventilation, cab comfort and access to cargo in rear box
- Durable tempered glass construction for high level of scratch resistance
- Design eliminates exterior framework to provide greater field of vision
- Install or remove easily in seconds with Lock & Ride® PRO-FIT™ quarter-turn handles
- Installs in contours of cab frame with 360° gasketing for outstanding protection, comfort, fit and finish
- With windshield installed, rear panel is recommended to reduce dust swirl

LOCK & RIDE®

**ADDING PREMIUM FEATURES TO
HEAVY-DUTY PULLING POWER**

AUTO-STOP TECHNOLOGY

- Stops winch at end of pull, preventing driveline stress
- Great for plowing; prevents overlifting
- Winch stops when collar on rope contacts fairlead

AUTO-STOP TECHNOLOGY INNOVATION

Winch stops when fairlead detects hook collar.

ALUMINUM FAIRLEAD

- Improves rope life, corrosion-resistant

SYNTHETIC ROPE

- Superior flexibility, great strength, lightweight

HEAVY-DUTY PULLING POWER

- Cut steel gears for improved durability
- Steel spool can handle extreme loads
- 40% quieter — near-silent free spooling
- Sealed motor and drivetrain
- Low-voltage contactor
- Integrated wiring and mount plates ensure perfect fit

WINCHES

WHETHER YOU'RE ON THE JOB OR ON THE TRAIL, A POLARIS[®] HD WINCH IS THE BEST WAY TO OPTIMIZE PULLING POWER AND HANDLE EXTREME LOADS. AND THANKS TO POLARIS' INNOVATION YOUR WINCH WON'T JUST WORK HARDER, IT'LL ALSO FIT BETTER, LOOK BETTER AND LAST LONGER.

NEW

POLARIS® INTEGRATED PRO HD 6000 LB. WINCH

This winch is ideal for tackling projects of all sizes that require reliable pulling power. It has proven, dependable motor and 6,000 lb. rated pull, cut metal gears, and strong and durable steel spool.

- Low-voltage operation preserves the battery charge life of your RANGER®
- Provides near-silent free spool operation
- Comes with a dash-mounted control dock and a wireless remote control; an accessory shifter knob with integrated controls is available (sold separately)

- 50' (15.2 m) synthetic rope for strong, reliable, tangle-free pulling, premium-grade aluminum fairlead, and Auto Shut-Off technology that stops the winch when the hook nears the fairlead and completes its pull
- Mounts in designated, integrated locations on the vehicle frame; pre-wired for Polaris® vehicles for easy installation
- Includes wireless remote switch, synthetic rope, aluminum fairlead, hook and strap, mounting hardware, wiring and installation instructions

2879143

XP® 900 MY 13-14, CREW® 900 MY 14

**POLARIS PRO HD
4500 LB.
WINCH**

POLARIS® PRO HD 4500 LB. WINCH

Versatility, power and unmatched reliability. This deluxe winch delivers the same power as the Polaris® HD 4500 Lb. Winch with several premium features for added convenience.

- Proven, reliable 4,500 lb. (2.04 kg) rated pull
- Powerful, reliable 1.5-hp permanent magnet motor
- Auto-Stop technology stops winch at end of pull/lift to prevent stress on driveline components
- Winch stops when Auto-Stop Collar on rope contacts fairlead
- Auto-Stop prevents overlifting of plows, over-retrieving of rope on pulls

- Cut steel gears provide improved driveline durability
- Steel spool handles extreme winch loads
- Near-silent free spool operation — 40% quieter
- Polished, corrosion-resistant aluminum Hawse® fairlead
- High-quality sealed motor and drivetrain
- Low-voltage contactor for increased range of winch operation
- 50' (15.2 m) of strong synthetic rope with superior flexibility and wear resistance

WINCH**

POLARIS HD 4500 LB. WINCH (INTEGRATED MOUNT)

This powerful winch is built to handle any heavy-duty task. It's a tough 1.5-hp workhorse with 4,500 lbs. (2,041.2 kg) of pulling power and is wired specifically for Polaris' RANGER vehicles.

- Proven, reliable 4,500-lb. (2.04 kg) rated pull
- Powerful, reliable 1.5-hp permanent magnet motor
- 50' (15.2 m) of high-quality steel 5.5mm cable
- Cut steel gears provide improved driveline durability
- Steel spool handles extreme winch loads
- Near-silent free spool operation — 40% quieter
- High-quality sealed motor and drivetrain
- Low voltage contactor for increased range of winch operation
- Integrated wiring and mount plates for perfect fit on Polaris' RANGER
- Includes wired remote and socket, roller fairlead, hook and strap
- Available in bumper-integrated or multi-mount options; mounts behind the stock or accessory bumpers, includes mounting hardware and wiring

GLACIER® PRO PLOW SYSTEM

XP 900 **CREW 900** **FULL-SIZE** **FULL-SIZE CREW**

GLACIER® PRO PLOW

- Heavy-duty cast steel frame for maximum durability
- Lock & Ride® for easy blade installation and removal
- 72" W x 20" H heavy-duty blade
- Low-maintenance, self-contained electric over hydraulic cylinders
- Modular design lets you choose: Hydraulic or Winch Lift
- Choice of blade angle control: Hydraulic or Manual Angle
- Lift and angle adjustments can be made from the driver's seat
- Manual angle with shear pin design protects plow in high-impact contact
- Manual angle adjustment is easily accessible, prevents digging into snow to change angle
- Auto-retracting kickstand folds in as you drive away

CONTROL FROM THE COMFORT OF THE CAB

Lift and change the angle of the plow blade with the Power Controller.
Required with Glacier® Pro Hydraulic Angle System and Glacier® Pro Hydraulic Lift System

CHOOSE BETWEEN HYDRAULIC LIFT AND WINCH METHODS

ADD GLACIER® PRO PLOW HYDRAULIC ANGLE SYSTEM

GLACIER II® PLOW SYSTEM

XP 900 **CREW 900** **FULL-SIZE** **FULL-SIZE CREW**

GLACIER II® PLOW

- Lock & Ride® installation: Easy, no-tools installation/removal of plow blade
- Reinforced frame to withstand the greater demands of utility vehicle plowing
- Designed specifically for the RANGER®; not a generic size like most aftermarket kits
- Choose from several blades for your type of plowing

CHOOSE THE RIGHT BLADE

Select the plow blade that's right for the way you plow.

72" COUNTY BLADE

18"

BEST FOR DIRECTIONAL MOVING LARGE AMOUNTS OF SNOW

72" GLACIER II® PLOW BLADE

14.5"

BEST FOR MOVING AND PILING LARGE AMOUNTS OF SNOW

! Glacier II® does not work with Pre-Runner Brushguards or Prospector® Pro Tracks. ! Glacier II® Plow System requires a winch; see pages 45-47.

DESIGN YOUR PLOW

1 SELECT A MOUNT

Our mount plates are designed exclusively for RANGER® models, not a "generic fit" design like our competitors

GLACIER II® PLOW MOUNT

- Easily installed with 6 bolts
- Includes mounting hardware

66" SNO-GLIDE BLADE

INCREASE PLOWING PERFORMANCE. REDUCE IMPACT.

This innovative 66" (167.6 cm) snow blade flexes and absorbs impact to minimize stress on the vehicle while plowing. Ideal for residential use where moving and piling large amounts of snow is required, the scooped blade pushes snow forward rather than deflecting it to the side.

- Poly blade flexes and returns to shape as opposed to bending with traditional steel blades
- 66" (167.6 cm) width clears wide pack of snow easily
- Scooped design holds and pushes more snow, improving snow removal efficiency
- Flexible design reduces plow blade chatter for quieter operation
- Blade won't rust, scratch or corrode
- For snow plowing only

LOCK & RIDE® BED EXTENDER/DIVIDER

- Versatile use to extend or divide the cargo box
- Lock & Ride®: Install/remove the box in seconds without tools
- Installs in any location in the box
- Multiple tie-down points available to secure cargo

2879117

ALL FULL-SIZE RANGER MODELS MY 05-14

LOCK & RIDE® HEADACHE RACK WITH TOOL HOLDERS

- Protects riders from cargo shifting in the rear box
- Secures up to 6 hand tools
- Lock & Ride®: Install/remove the box in seconds without tools
- Mesh construction allows airflow through the cab

2879121

XP 900 MY 13-14, CREW 900 MY 14

LOCK & RIDE® TOOL RACK

- Lock & Ride®: Installs quickly and easily without tools
- Securely holds up to 6 long-handle tools
- Keeps cargo box open for large and bulky cargo
- Durable black wrinkle finish with a rust-resistant powder coat

60-GALLON BOOMLESS UTILITY SPRAYER

This sprayer mounts in the rear cargo box using a special mounting bracket that makes installation easy. The sprayer slides into the cargo box and locks securely into place using Lock & Ride® mounting hardware. Enjoy outstanding maneuverability as you ride precisely where you want to spray.

- Includes a 60-gallon corrosion-resistant polyethylene tank, a 12-volt diaphragm pump, and a pressure gauge that lets you adjust the spray pressure
- Can deliver fluids at a rate of up to 3.8 gpm with a 45 psi maximum
- Includes a deluxe pistol grip hand-held sprayer with an adjustable nozzle and 25' of hose
- Boomless nozzles can deliver across a full 30-foot spray coverage area
- Special mounting brackets secures sprayer in rear cargo box

2879799

**TRAILERS &
ACCESSORIES**

ENCLOSED RANGER/ATV TRAILERS

The Polaris® brand of enclosed trailers is the ultimate combination of quality, style and versatility. With a variety of sizes and price points to choose from, this brand is among the most diverse in the industry. Introducing the market's first Side by Side UTV package, we've revolutionized the way you'll tow, and store, your Polaris® RANGER® machines.

Standard features include all-aluminum box-tube framework, .030" exterior side panels and torsion ride axles. Box lengths range from 8' to 20'.

**FOR MORE INFO, PLEASE VISIT:
POLARIS-TRAILERS.COM**

DROP RECEIVER HITCH DRAW BAR

- Fits 2" receiver
- Accepts trailer balls with 3/4" (1.9 cm) shank

2875320
RANGER 2"

OPEN RANGER TRAILERS

Our RANGER® 12 utility trailer was custom designed around the world-famous line of Polaris® utility vehicles. Built from all-aluminum framework, 1.25" pressure-treated decking boards and the highest quality components available, the RANGER® 12 is rugged enough to withstand the best that you, or Mother Nature, can throw at it.

Polaris® utility trailer models range from 4 x 8 to 6.5 x 12, and are available in wood or aluminum decking. Popular options include bi-folding rear ramps, removable rail kits, diamond plate side panels, wheel jacks and D-ring tie-downs.

RANGER 12 QUICK SPECS

POLARIS

ENGINEERED LUBRICANTS

OIL

POLARIS® PS-4 AND PS-4 EXTREME DUTY FULL SYNTHETIC ENGINE OILS ARE DESIGNED SPECIFICALLY FOR ALL 4-STROKE POLARIS® RANGER®, ATV AND RZR® APPLICATIONS. ENGINEER APPROVED, DESIGNED AND TESTED TO MEET THE NEEDS OF YOUR POLARIS® HIGH-PERFORMANCE ENGINE.

NEW PS-4 EXTREME DUTY OIL PROVIDES ADDED RUST AND CORROSION PROTECTION, ALONG WITH THE ULTIMATE PROTECTION AGAINST THERMAL BREAKDOWN. EXTREME DUTY REDUCES HIGH-TEMPERATURE VISCOSITY LOSS (RETAINING 43% MORE VISCOSITY), WHILE MAINTAINING OXIDATIVE STABILITY LONGER TO PROTECT AGAINST DAMAGING SLUDGE AND VARNISH BUILD-UP.

PS-4 EXTREME DUTY ENGINE OIL

- Ultimate high-temperature engine protection
- Prevents thermal breakdown
- Maximum rust and corrosion protection
- Designed for professional grade and high-temp 4-cycle applications

CARBON CLEAN FUEL SYSTEM TREATMENT

- Cleans valves, piston rings and combustion chamber
- Softens and dissolves existing carbon deposits
- Addresses issues with ethanol-blended fuels

2871326 | 12 oz. [12 per case]

PREMIUM FUEL STABILIZER

- Protects from E10 ethanol-blend fuel issues
- Contains anti-corrosive additives
- Excellent for 2-cycle and 4-cycle engines

2870652 | 16 oz. [12 per case]

2872280 | 2.5 Gallon [2 per case]

4 OZ. SCENTED FUEL STABILIZER

- Prevents oxidation, gum and varnish formation and fuel deterioration
- Mint, Strawberry or Vanilla scented stabilizer burns with a pleasant odor
- Recommended for all Polaris' 2-cycle & 4-cycle engines

2879414 | Mint Scented Stabilizer | 4 oz. [12 per case]

2879415 | Strawberry Scented Stabilizer | 4 oz. [12 per case]

2879416 | Vanilla Scented Stabilizer | 4 oz. [12 per case]

ALL-SEASON GREASE

- Low-temperature pliability for protection at cold start-up as well as excellent high-speed and high-temperature protection

2871322 | 3 oz. 4-pack [6 per case]

2871423 | 14 oz. [10 per case]

AGL PLUS

- Full Synthetic Friction reducing formulation, extreme pressure film protection for severe operating temperatures
- Prevents rust, oxidation, foam and corrosion of internal ATV transmission components

FLY F2[®] CARBON HELMET

This helmet from the Fly Racing[®] for Polaris[®] Collection exceeds off-road riders' demands for protection, light weight, comfort and style. The premium composite shell delivers incredible protection and its light weight keeps a rider more comfortable on longer rides.

SHELL: Composite construction shell of cutting-edge, aircraft-grade woven carbon fiber and Kevlar[®]; the dual layers of the EPS (Expanded Polystyrene) liner combine for progressive impact absorption for different levels of impact.

VENTS: Multi-port air induction cooling system with eleven intake and four exhaust vents promotes effective airflow; tri-vent goggle anti-fog vents above the goggle eye-port help prevent fogging.

INTERIOR: Washable comfort liner and cheek pads with the "Quick Snap" system can be removed quickly and easily for cleaning; plush liner absorbs sweat and complements the helmet's ventilation system.

ADDITIONAL FEATURES: Custom-molded rubber trim with protective nose guard; aluminum hardware for superior strength and light weight.

SAFETY: Snell M2010- and DOT-approved.

DEMON 1.1 HELMET

This lightweight and comfortable Demon 1.1 Helmet is designed for performance-minded riders who demand a helmet that lets them ride long and ride hard. It provides outstanding protection and has a multi-channel, flow-through ventilation system engineered to optimize rider comfort.

SHELL: Lightweight, protective composite fiberglass with a dual-density EPS liner. The EPS liner absorbs impact, and its two layers are engineered to position increased density in specific impact-prone areas so the liner provides the most effective protection.

VENTS: Aerodynamic, multi-channel, flow-through ventilation system introduces fresh cooling air that flows over and around the rider's head, then exhausts out rear vents for enhanced rider comfort.

INTERIOR: Fully removable, washable Qwick-Dry liner complements the ventilation system and provides superior moisture absorption to keep a rider comfortable.

ADDITIONAL FEATURES: Custom-molded rubber trim with protective nose guard; aluminum hardware for superior strength and light weight.

SAFETY: Snell® M2010- and DOT-approved.

TENACITY HELMET

Comfortable, durable, protective and versatile. It can be worn snowmobiling as well as off-road riding, so it's the helmet for all seasons. It features a comfortable fit, great visibility, effective ventilation and attractive styling.

SHELL: Lightweight polycarbonate.

VENTS: Mouth air intake vent, eyebrow vents and 6 rear vents.

INTERIOR: Removable, washable liner.

ADDITIONAL FEATURES: Adjustable visor, goggle guide, padded chin straps, large eye port, nose guard, double D-ring for strap security.

SAFETY: DOT/ECE-approved.

509[®] DIRT PRO GOGGLES

509[®] for Polaris[®] goggles are loaded with performance-driven innovations for avid riders who insist on the best eye protection. These goggles provide the ultimate combination of protection, comfort, ventilation, tear-off compatibility and style.

SIZE: Oversized frame and lens fit inside all standard moto helmets' goggle port and provides broad visibility.

LENS: Protective, shatterproof, single-pane chrome lens; non-vented dirt lens has a durable anti-scratch and anti-fog coating, blocks 100% of UV rays and is easily interchangeable with accessory lenses.

STRAP: Innovative hinged strap mount allows the goggles to remain flush against the face for optimized protection and comfort; ensures that the goggles form a seal against the face to block dirt, dust and wind; adjustable, silicon-backed strap remains securely in place where positioned on helmet.

FOAM: Triple-layer foam construction consists of 3 layers of moisture-wicking foam of varying densities for a comfortable fit on the face.

TEAR-OFF COMPATIBLE: Unique triple tear-off post design includes 2 posts on the lens and a third adjustable post attached to the strap for enhanced tear-off installation and removal.

NOSE GUARD: Rigid, vented nose guard protects nose and can be installed or removed in seconds.

VENTILATION: 13-port vent system (7 on top, 7 at base of frame) promotes fresh air circulation for comfort and fog prevention.

FLY RACING® GLOVE

These lightweight gloves from the Fly Racing® for Polaris® Collection deliver outstanding protection and a sure grip while keeping hands comfortable.

SHELL: Lycra® back panels stretch to provide a comfortable fit and are complemented by the embossed neoprene flex-knuckle system designed for protection and flexibility.

PALM: Lightly padded palm for extra comfort; durable construction with a reinforced thumb.

ADDITIONAL FEATURES: Soft-Flex TPR (thermoplastic rubber) graphics offer extra protection; adjustable TPR wrist closure system; silicone finger grippers for increased grip and control.

SONIC™ GLOVE

Lightweight and extremely comfortable, these Sonic™ Gloves are ideal for aggressive off-roaders who want streamlined protection. The stretch nylon shell provides a comfortable fit that feels almost like a second skin. Non-padded panels double-stitched onto the palms provide reinforcement and a sure grip without bulk. The fingers are shaped for a natural, comfortable fit, and the fingertips have silicone applications for extra grip and dexterity.

SHELL: Stretch nylon.

PALM: The Daewoo® Amara® palm has 4 double-stitched, non-padded panels for reinforcement and an enhanced grip. Silicone screen-printed fingertips also enhance the grip.

ADDITIONAL FEATURES: Scalloped anatomically shaped fingers and neoprene knuckle panels for a comfortable fit; Polaris® TPR Velcro® adjustable closure strap.

SAFETY: TPR vents provide protection and cooling for the upper fingers and TPR patches offer mid-finger protection. These gloves are CE-approved.

JERSEYS

PUT THE TEAM ON YOUR BACK. POLARIS®-EXCLUSIVE JERSEYS DESIGNED BY FLY RACING® AND PROTECTION MADE BY TEKVEST® WILL KEEP YOU STYLISH AND SAFE WHILE YOU'RE RIDING.

NEW

NEW

FLY RACING® JERSEYS

Developed by avid off-road riders, this lightweight, colorful jersey from the Fly Racing® for Polaris® Collection features materials and construction that promote airflow to keep an active rider cool and comfortable.

FABRIC: Lightweight 100% polyester panels combine with mesh ventilation panels in key areas to promote airflow and dissipate body heat.

GRAPHICS: Vibrant, permanent sublimated graphics, including Polaris® and Fly Racing® branding.

ADDITIONAL FEATURES: Low-profile, multi-directional Lycra® stretch collar; non-restrictive shorty cuffs with elastic sleeves help reduce arm pump; extended tail helps keep jersey tucked into pants; tagless printed collar eliminates tag irritation.

MAINTENANCE PARTS

ENGINEERED AND TESTED TO FIT AND PERFORM ON POLARIS' MACHINES

BRAKE PADS

- High performance in any temperature and condition: wet, dry or mud
- Designed with the same material used by high-end motorcycles

AIR FILTERS

- 99.9% efficient in blocking dirt in extreme testing (#1240482)
- Superior filter capacity: Traps 32% more contaminants than the closest competitor
- Costs half as much as compared to leading aftermarket brands

BATTERIES

- We use only the highest quality batteries
- Engineered and tested to fit and perform on our machines

DRIVE BELTS

- Lowest tolerances (.188") provide highest performance
- The Polaris' Kevlar' belt provides 2x longer belt life than the competitors "Heavy-Duty" belt

OIL FILTERS

- The Polaris' filter (#2540086) traps particles 64% smaller in size than the competition, resulting in lower levels of contamination in your engine
- The Polaris' filter has 44% less restriction than the competition to ensure adequate lubrication in all conditions

Polaris' maintenance parts are designed and engineered to optimize your vehicle's performance and deliver the true high-performance you demand.
