2018 MULE™ PRO SERIES

“THE STRONGEST. BECAUSE I SAID SO.”
- STEVE AUSTIN

2018 MULE™ PRO SERIES

KAWASAKI STRONG

Strength, durability and refinement come together in the 2018 Kawasaki MULE™ PRO Series, the most expansive and versatile collection of MULE side x sides ever. As the ultimate companion at the jobsite, at the homestead or on the trail, the MULE PRO Series has the hard-working muscle to meet the demands of your day with comfort and efficiency. It's why wrestler hall of famer Steve Austin, who's built his entire career on strength and toughness, chooses the MULE PRO Series.

MULE HISTORY

With a lineage that dates back to the 1800s, Kawasaki Heavy Industries, Ltd. (KHI) is the rigid backbone of the Kawasaki four-wheel brand. It's this heavy industries' heritage of innovation that lends itself to our powerful, long-lasting vehicles that help you take on tough challenges and conquer them with ease. Strength is in our DNA. And that is the foundation of the MULE™ utility vehicles.

ASSEMBLED IN THE U.S.A. (WITH FOREIGN AND DOMESTIC PARTS)

Back in 1987, Kawasaki Motors Manufacturing Corp., U.S.A. rolled out the first-of-its-kind Kawasaki MULE™ side x side. With a pick-up-truck design, the MULE hit the market and proved so amazingly versatile that the MULE utility vehicle is now a staple at farms, sports facilities and anywhere else that sturdy utility vehicles are needed.

KAWASAKI STRONG 3-YEAR LIMITED WARRANTY

The Kawasaki STRONG 3-Year Limited Warranty is standard with every 2018 MULE™ side x side. Every machine we sell is backed by the unrivaled engineering knowledge of Kawasaki Heavy Industries, Ltd. So when we say that our products are the strongest, we back it up with extreme confidence.

MULE PRO-FXR™

MULE PRO-FXT™

ALL-DAY ADVANTAGE

Even for the ones who work until the sun goes down, work takes a back seat once in a while. MULE™ PRO Series side x sides can easily transition from a workday in the field to a lakeside retreat with friends and family. With rugged capability and durability, you can power through your day at the ranch and get to the fun faster, whether it's camping, fishing or taking the family for a trail ride. Outfit your Kawasaki MULE PRO side x side for your mix of work and play with a wide range of Kawasaki Genuine Accessories.

TACKLE YOUR WORKLOAD

Power through your workday with the MULE™ PRO Series. Fueled by either a gas or diesel powerhouse, these workhorses are the ultimate ranch hands with plenty of muscle and durability to meet the demands of your day. Built strong to work hard, these side x sides have all the amenities you need, and none you don't, to take on your heavy workloads.

2018 MULE PRO-FXR™

MAKE A BOLD STATEMENT

The “play” side of the Kawasaki MULE™ PRO Series spectrum just got stronger with the 2018 MULE PRO-FXR™ side x side. As our most fun MULE PRO yet, the MULE PRO-FXR is infused with more style and agility for a functional balance of utility and recreation. Conquer the dense woods and arrive at the most remote hunting, fishing and camping locations. Those who drive this tough machine command a certain level of respect. They're the ones who've put in the work, and now, have earned the right to cut loose.

1. 2-toned Contour Bench Seat 2. 12-volt DC Power Outlets 3. Under-seat Storage Bin

PREMIUM STYLING

The compact size of the MULE PRO-FXR™ stands out amongst the Kawasaki side x sides with a premium appearance, painted finish and aggressive styling. Durable steel front and rear bumpers add to the rugged and capable appearance while helping to protect the fenders and bodywork. A stylized front grill and painted hood will be sure to turn heads with its high-end color and styling features.

RIDE COMFORT

Maintain a comfortable ride throughout the day with front and rear independent suspension equipped with large steel A-arms. The inline three-cylinder engine is extremely quiet with a refined high-quality sound so you can get from one point to another without loud sounds wearing you down. The premium two-tone contoured bench seats up to three adults comfortably and lends to the sporty appearance while also adding comfortable support for you and your passengers.

- LED & Halogen Small Diameter Headlamps
- Automotive-grade Painted Hood
- 2-tone Contoured Seat
- Stylized Graphics
- Short Wheelbase

● Atomic Silver ● Candy Persimmon Red

WIDE FOOTPRINT

A wide stance gives the MULE PRO-FXR™ side x side a confidence-inspiring grip, even on tricky terrain for a planted ride. Selectable 2WD/4WD and dual-mode rear differential give you the drive you need to tackle rugged conditions on the job or out on the trail.

HANDLING & DRIVABILITY

The compact overall vehicle length makes it easy to maneuver in tight spaces while the short wheelbase allows a tight turning radius and great break over angle to get over berms and trail debris. A wide tread-width gives the MULE PRO-FXR™ a sure-footed stance and confidence-inspired turning on and off rough terrain or side slopes. Make your next outing an adventure by maneuvering through tighter terrain with the capable, fun to drive MULE PRO-FXR™ side x side.

2018 MULE PRO-FXT™

THE POWER OF VERSATILITY

MULE PRO-FXT™ side x sides give you the power of versatility. Convert the cab from a three-passenger cargo hauler to a six-passenger people mover in about one minute. The MULE PRO-FXT allows you to go from transporting equipment at the jobsite to taking the family on an adventure. With a rugged steel-based cargo bed, the MULE PRO-FXT vehicles can take on a generous payload, even in six-passenger mode. With the ability to move people and payloads, the MULE PRO-FXT side x sides can do it all.

3- TO 6-PASSENGER TRANS CAB™ SYSTEM

The Kawasaki exclusive three- to six-passenger Trans Cab™ system offers quick-change versatility from three-passenger mode to six-passenger mode without the use of tools, in about one minute. Stadium-style bench seating is designed to fit three to six full-size adults comfortably.

RIDE COMFORT & CONVENIENCE

The MULE PRO-FXT™ side x sides have the comfort, amenities and an over 12-gallon under-seat storage bin to make those long hours spent in the field comfortable and productive. The MULE PRO-FXT models have two front and two rear 12-volt DC power outlets, all of which are supported by a high output 75-amp generator. Ride in exceptional comfort while staying protected from the elements with four integrated doors that help to keep out mud, water and debris.

POWER

The quiet 812cc, DOHC, three-cylinder, liquid-cooled, DFI® engine produces a colossal 48 pound-feet of hard working torque. Complemented by a Continuously Variable Transmission (CVT), power delivery is instant and consistently smooth. The MULE PRO-FXT™ side x sides also have selectable 2WD/4WD and dual-mode rear differential for further ground-gripping proficiency.

1. Versatile Trans Cab™ System 2. 12-Gallon Under-Seat Storage 3. 812cc Engine

2018 MULE PRO-FX™

MAXIMIZE YOUR CAPACITY

The MULE PRO-FX™ side x sides are powerful, high-capacity, three-passenger vehicles that are as durable as your days are long. With more than 130 years of KHI engineering, the MULE PRO-FX side x sides are built Kawasaki STRONG and are engineered to outlast and outperform the competition. With excellent performance for both work and play, they are the perfect companion for everyone with all-day comfort and strong, dependable performance.

1. Cargo Bed 2. 2-inch Receiver Hitch 3. Front Brakes

CLASS-LEADING CARGO BED

With a massive 20 square feet of cargo bed space (the largest in its class) and up to 1,000 pounds of cargo capacity, the MULE PRO-FX™ side x sides can transport tools and supplies with ease. The rugged steel-based cargo bed can accommodate level loading and unloading of a standard wooden pallet (40" x 48") that easily fits with the tailgate closed for secure transport.

TOWING

The MULE PRO-FX™ vehicles offer a powerful one-ton towing capacity with an integrated universal pick-up-truck-style two-inch receiver hitch to tackle tough tasks. With its productive top speed and abundant torque, the MULE PRO-FX side x sides can efficiently transport large loads of equipment, supplies, tools or even toys.

SUSPENSION & BRAKES

Four-wheel independent suspension featuring twin-tube shocks and over 8.5 inches of wheel travel provides plush action, even over rough terrain and helps allow the MULE PRO-FX™ side x sides to maintain a steady grip on the ground for the comfort and confidence to get the job done. Four-wheel disc brakes featuring two-piston calipers up front provide strong progressive braking power. A hand-actuated parking brake helps to secure the vehicle position when parked.

2018 MULE PRO-DXT™ & MULE PRO-DX™

FLEX SOME DIESEL MUSCLE

The MULE PRO-DX™ and MULE PRO-DXT™ vehicles combine the rugged MULE™ PRO chassis capability and versatility with the hard-working muscle of a 993cc diesel engine. Utilize the capabilities of the MULE PRO-DX and MULE PRO-DXT at the jobsite with the ability to move gear, tools, materials and people. Power through your workday efficiently while enjoying the comfort and refinement of MULE PRO Diesel side x sides.

DIESEL ENGINE

A strong and efficient three-cylinder diesel engine powers the MULE PRO-DX™ and MULE PRO-DXT™ side x sides. The 993cc diesel engine produces over 38 pound-feet of torque at low RPMs to maximize efficiency for jobs that demand hauling or towing high capacity loads all day long. A high-output 55-amp generator can power accessories and electronics for even more versatility in the field. The robust engine performance and high fuel efficiency make the MULE PRO-DX and MULE PRO-DXT side x sides unbeatable assets for the jobsite.

COMFORT & CONVENIENCE

Rugged capability doesn't mean sacrificing comfort and convenience. Enjoy the spacious cabin of the MULE™ PRO Diesel side x sides. Thick cushioned bench seats add to the comfort of the MULE PRO Diesel Series by maximizing head-room, leg-room and forward visibility for all passengers. Retractable three-point seatbelts and grab handles help provide a secure ride for your crew, while 12-volt DC power outlets and an over 12-gallon under-seat storage bin are among the useful amenities.

WARRANTY

Every Kawasaki MULE™ side x side is backed with a Kawasaki STRONG 3-Year Limited Warranty.

UP TO THREE YEARS ADDITIONAL COVERAGE

Let Kawasaki protect your new vehicle for years to come with Kawasaki Protection Plus™. This plan repairs or replaces most components free of charge if found defective in material or workmanship. Everything about the plan is easy: There's no deductible. It's honored at every authorized Kawasaki dealer nationwide. It's transferable to another owner with no fee. Just ask your dealer how you can buy additional coverage of 12, 24, or 36 months (depending on the model and plan purchased). FL Lic #65500, Kawasaki Motors Corp., U.S.A., PO Box 25252, Santa Ana, CA 92799, (949) 770 0400.

KAWASAKI CARES:

Always wear protective gear appropriate for the use of this vehicle. Never operate under the influence of drugs or alcohol. Protect the environment. The Kawasaki MULE™ side x side is an off-highway vehicle only, and is not designed, equipped, or manufactured for use on public streets; roads or highways. Obey the laws and regulations that control the use of your vehicle. Read Owner's Manual and all on product warnings.
