GRAB FUN BY THE BARS

Turn the water into your ultimate playground. Engineered to live up to one of the most iconic names in water sports, every Kawasaki JET SKI® watercraft delivers unmistakable excitement. Dominate the waves with thrilling performance, innovative technology and exclusive features.

Kawasaki side x sides, ATVs and JET SKI® watercraft are assembled by Kawasaki Motors Manufacturing Corp., U.S.A. from foreign and domestic parts in Lincoln, NE.

2019

JET SKI®

IGNITE THE FUN

Kawasaki has breathed life into the watercraft category with the revolutionary four-stroke JET SKI® SX-R™ stand-up watercraft. With powerful thrust and agile rider-active handling from the V-shape hull, the JET SKI SX-R offers race-ready engine and hull performance that empowers comfort and confidence. Stunning acceleration and superb cornering performance create a whole new level of exhilaration, bringing the sport of stand-up watercraft into the modern age.

SX-R™

Kawasaki

JET SKI® SX-R™ in Ebony/Lime Green

JET SKI® SX-R™

POWERFUL ENGINE

Kawasaki redefined the standard for power with the 1,498cc inline four-stroke engine. Thanks to legendary Ninja® motorcycle-derived technology, it's the hardest accelerating production stand-up JET SKI® personal watercraft ever. Plenty of thrust is available even at low rpm, and the abundant torque and smooth power delivery helps riders feel more confident.

SECURITY IS KEY

A key-operated magnetic ignition switch helps deter theft and a wrist lanyard connected to the engine stop switch automatically cuts power to the engine if the lanyard is disengaged.

Professional rider on a closed course.

V-SHAPE HULL

The V-shape hull design offers an ideal combination of light handling and agility for stand-up performance like never before. The hull carries the engine low and central for balanced weight distribution, resulting in exceptional cornering performance and outstanding handling both in straight lines and in turns.

Ebony/Lime Green

2019

JET SKI®

SMOOTH WATER SPECIALIST

When the water is calling, answer it with the JET SKI® STX®-15F personal watercraft. Powered by a class-leading, potent marine-grade, naturally aspirated 1,498cc engine with digital fuel injection, it delivers strong acceleration, excellent fuel economy and low emissions. The agile composite hull and advanced rider features make it the ideal choice for all enthusiasts seeking an exhilarating ride across the glassy horizon.

STX[®]-15F

JET SKI[®] STX[®]-15F in Ebony/Lime Green

JET SKI® STX®-15F

KAWASAKI SMART STEERING®

The Kawasaki Smart Steering® system assists handling under certain conditions by simultaneously monitoring the steering input and the engine speed. The system offers assistance when the throttle is released from high speed and a turn is initiated.

COMPACT V-HULL

The JET SKI® STX®-15F watercraft has a shallower V-shape and slightly more compact hull design than its JET SKI Ultra® siblings. This allows it to get up on plane quickly and easily, making for a nimble and responsive watercraft that specializes in smooth-water maneuvering.

LARGE REAR DECK

The large rear deck of the JET SKI® STX®-15F watercraft allows plenty of room to climb aboard, or to sit and put on skis or a wakeboard. A long, retractable re-boarding step makes it easy to get back on board after playing in the water.

2019

JET SKI®

REFINED FUN

Comfort and performance strike an ideal balance with the Kawasaki JET SKI® Ultra® LX personal watercraft. With the ultimate combination of abundant power and precise handling, the Kawasaki JET SKI Ultra LX is the choice for discerning watercraft enthusiasts. All-day outings are made easy with the convenience of its sealed, industry-leading 56-gallon storage capacity. Pack what you need and head out for a day of fun on the water.

LTRA[®] LX

JET SKI® Ultra® LX in Ebony/Metallic Tungsten Gray

A man wearing sunglasses, a high-visibility life vest, and black shorts is riding a dark blue and teal Kawasaki Jet Ski Ultra LX. The jet ski is moving quickly across the water, creating a large splash of white water behind it. The Kawasaki logo is visible on the side of the jet ski. The background is a bright, sunlit blue sky and water.

JET SKI® ULTRA® LX

COMFORTABLE RIDE

The LXury seat features the most comfortable three-person seat on the water, providing the rider and passenger optimum support to spend countless hours riding in comfort.

DEEP-V HULL

Confidently cut through waves thanks to the deep, 22.5-degree deep-V hull, which the JET SKI® Ultra® LX shares with the JET SKI® Ultra® 310 models. Race-inspired sponsons help “grip” the water in the turns for precise handling and optimum performance.

ABUNDANT POWER

The four-stroke, naturally-aspirated 1,498cc engine of the JET SKI® Ultra® LX produces abundant power with strong acceleration. The 20.6-gallon fuel capacity means your water adventures can go the distance.

JET SKI® ULTRA® 310 SERIES

SUPERCHARGED VERSATILITY

The JET SKI® Ultra® 310 Series offers the most powerful production personal watercraft in the world. With three-passenger seating and premium technology, JET SKI Ultra 310 Series watercraft are built for anything from leisurely cruises on the lake to off-shore races across the ocean. Whether you're taking on the competition with the race-ready JET SKI® Ultra® 310R or cruising through the waves while listening to your favorite tunes aboard the JET SKI® Ultra® 310LX, a class-leading 20.6-gallon fuel capacity and 56-gallon storage compartment let you ride the water all day long with everything you need.

JET SKI® Ultra® 310LX in Ebony/Candy Lime Green

JET SKI® ULTRA® 310 SERIES

SUPERCHARGED ENGINE

The 1,498cc inline, four-cylinder, supercharged engine is the undisputed king of the water. The high-tech Eaton Twin Vortices Series (TVS) supercharger boosts the compact powerhouse, delivering thrills sure to ignite your senses. The sound and feel as the engine hits max boost pressure leaves no question as to why it sets the standard for power and acceleration.

JET SKI® Ultra® 310LX in
Ebony/Candy Lime Green

KAWASAKI SMART STEERING®

The Kawasaki Smart Steering® system assists handling by simultaneously monitoring the steering input and the engine speed. The system offers assistance when the throttle is released from high speed to initiate a turn.

RIDING MODES & CRUISE CONTROL

The Electronic Throttle Valve (ETV) is controlled by the Electronic Control Unit (ECU) and allows multiple riding modes to be activated. Cruise through no-wake zones with one-touch 5 mph mode, while Fuel Economy Assistance mode optimizes fuel efficiency. To aid newer riders, the key-activated Smart Learning Operation (SLO) mode reduces engine power output and top speed.

JET SKI® Ultra® 310LX

JET SKI® Ultra® 310X SE
in Ebony/Candy Steel
Furnace Orange

PROPULSION SYSTEM

The Direct Drive Axial Flow Pump houses a 160 mm stainless steel impeller that converts the power of the engine into 1,890 pounds of forward thrust. The leading-edge shape of the impeller helps provide incredible acceleration, while the intake grate helps maintain a steady flow of water to the impeller.

ELECTRIC TRIM-CONTROL

Electric Trim-Control (ETC) system is an advanced feature that allows the rider to adjust handling characteristics. The ETC controls the angle of the jet pump nozzle to adjust the hull attitude for specific water surface conditions or riding style.

DEEP-V HULL

The advanced deep-V hull design is inspired by Kawasaki's championship-winning race machines, with a 22.5-degree hull angle that allows the watercraft to penetrate swells and waves with great efficiency and less shock. Tuned sponsons help provide straight-line stability and high-grip performance in turns.

JET SKI® Ultra® 310R in Ebony/Lime Green

JET SKI® Ultra® 310R in Ebony/Lime Green
Professional rider on a closed course.

MX STYLE HANDLEBAR

With a style inspired by Kawasaki KX™ motorcycles, the solid-mounted handlebar offers plenty of adjustment to fine-tune your ride. The handlebar can be mounted in 12 different positions—18 if the optional handlebar mounts are added—either forward, backward, up or down to easily get your riding position just right.

2019 JET SKI® ULTRA® 310R

When competition is the focus, there is simply no beating the JET SKI® Ultra® 310R watercraft. With premium power, all-digital instrumentation and class-leading handling, the JET SKI Ultra 310R offers everything you need to meet the challenge head on. Rule the water with the competitive edge of the JET SKI Ultra 310R.

GRIPPER SEAT MATERIAL

The JET SKI® Ultra® 310R is equipped with a sport seat designed specifically for aggressive sport riding. The moderate contour and integrated central bolster of the seat supports the rider's hips, while the textured motocross-style seat cover adds traction at the rider interface for enhanced lower body support.

2019

JET SKI® ULTRA® 310LX

CRUISE IN COMFORT

The JET SKI® Ultra® 310LX watercraft spares no luxury. Enjoy the class-leading performance of the most powerful JET SKI watercraft that features the fully-integrated JETSOUND® audio system, a first in personal watercraft. A five-position adjustable handlebar ensures a comfortable ride position for a wide range of riders while a GPS mount integrated into the handlebar pad accommodates your device of choice.

STAY COOL

The three-passenger LXury seat features industry-exclusive heat resistant material along with operator and passenger lumbar support for enhanced comfort. On hot days, this heat-resistant material is a huge plus when your JET SKI® Ultra® 310LX watercraft has been sitting outside in the sun.

AUDIO SYSTEM

The JETSOUND® audio system comes standard on the JET SKI® Ultra® 310LX watercraft. This precedent-setting stereo is simple to operate. Just plug in your MP3 player or USB memory stick and press play. A built-in amp and 60-watt speakers allow you to enjoy your tunes loud and clear.

JET SKI® Ultra® 310LX in Ebony/Candy Lime Green

JET SKI® Ultra® 310X SE in Ebony/Candy Steel Furnace Orange

JET SKI® ULTRA® 310X

WATER-BOUND THRILL

The thrilling ride offered by JET SKI® Ultra® 310 Series watercraft starts with the JET SKI® Ultra® 310X. Fueled by a 1,498cc four-cylinder supercharged engine inspired by Ninja® motorcycle-derived technology, the JET SKI Ultra 310X is boosted by an Eaton Twin Vortices Series (TVS) supercharger for breathtaking power. With three-passenger seating and 20.6-gallon fuel capacity, the JET SKI Ultra 310X is set for a full day of fun on the water.

JET SKI® ULTRA® 310X SE

MODEL EXCLUSIVES

Gain the sporting edge on the water with the JET SKI® Ultra® 310X SE watercraft. The most powerful production personal watercraft in the world adds a sport seat for enhanced comfort and special edition paint and graphics. Take the incredible performance of the JET SKI Ultra 310X SE to new levels—go the distance or simply enjoy a full day on the water with peak power and sporting comfort.

LIMITED WARRANTY

Your new Kawasaki JET SKI® watercraft comes with a 12-month limited warranty.

UP TO FOUR YEARS ADDITIONAL COVERAGE

Let Kawasaki protect your new JET SKI® watercraft for years to come with Kawasaki Protection Plus™. This plan repairs or replaces covered components free of charge if found defective in material or workmanship. Everything about the plan is easy: There's no deductible. It's honored at every authorized Kawasaki dealer nationwide. It's transferable to another owner with no fee. Just ask your dealer how you can buy additional coverage of 12, 24, 36 or 48 months, depending on the model and plan purchased. FL Lic #65500, Kawasaki Motors Corp., U.S.A., PO Box 25252, Santa Ana, CA 92799, (949) 770-0400.

KAWASAKI CARES

Ride responsibly. Kawasaki believes safety begins with us and continues with you. Always wear a USCG-approved personal flotation device, eyewear and other appropriate safety apparel. Never ride under the influence of drugs or alcohol. Respect the rights of shoreline residents and other marine recreationists. Boat smart from the start. Take a Boating Safety course; for more information visit www.USCGBoating.org. JET SKI® watercraft are inboard powerboats and their use is subject to all applicable federal, state and local boating laws.
