Size chart / Tabella taglie / Tableau des tailles / Größentabelle / Tabla tallas / サイズチャート

Attenzione: questa tabella illustra in modo indicativo la corrispondenza tra le misure italiane e internazionali (utilizzate nella collezione Ducati) e le taglie di altri paesi. Si consiglia di provare sempre i capi perché, soprattutto negli articoli tecnici, a parità di taglia la costruzione e i materiali possono variare le vestibilità.

Please read: this chart shows the Italian sizes, the corresponding international sizes (used in the Ducati collection) and sizes used in other countries as well.

We recommend you always try on the garments, especially the technical items, as the materials and manufacturing processes can vary the fit slightly.

Attention: ce tableau illustre à titre indicatif la correspondance entre les tailles italiennes et les tailles internationales (utilisées dans la collection Ducati), et les tailles d'autres pays. Il est conseillé de toujours essayer les vêtements, en particulier les articles techniques, le mode de fabrication et les matériaux pouvant faire varier légèrement la taille réelle du produit.

Achtung: Diese Richttabelle zeigt italienische Konfektionsgrößen, die entsprechende internationale Konfektionsgröße (die in der Ducati-Kollektion verwendet wird) und andere Konfektionsgrößen. Es wird jedoch empfohlen, die Kleidungsstücke, insbesondere die technischen Artikel, immer anzuprobieren, da Schnittmuster und das verwendete Material bei gleicher Größe die Passform beeinflussen können.

Atención: esta tabla ilustra de manera indicativa la correspondencia entre las medidas italianas e internacionales (utilizadas en la colección Ducati) y las tallas de otros países. Se recomienda probar siempre las prendas, porque, sobre todo en los artículos técnicos, aunque la talla sea la misma, puede variar la medida por motivos de fabricación y a causa de los materiales utilizados.
