■ STYLING

Go the distance and ignite your spirit with the bold styling of the Versys-X 300 ABS motorcycle. Large-volume bodywork and an adventure-style design give the Versys-X 300 ABS an imposing appearance of a larger displacement machine. Add to the unique styling with Kawasaki Genuine Accessories and enhance your ride even more. For a full list of available accessories, visit www.kawasaki.com.

■ PERFORMANCE & VERSATILITY

The compact 296cc parallel-twin engine is tuned to deliver strong, efficient power. The assist and slipper clutch provides light clutch lever pull and helps reduce wheel hop during unintended downshifts. The lightweight chassis, 19" front and 17" rear spoke wheels and long-travel suspension enables confident handling on diverse road conditions. Powerful braking performance comes from petal disc brakes and the advanced ABS braking system. Take on the open roads with roomy ergonomics that allow two-up riding for the adventures that will keep you smiling.

■ COMFORT & CONVENIENCE

The Versys-X 300 ABS motorcycle is packed with rider-friendly features that make it fun to take on any road, any time. A relaxed, upright riding position and low seat height provide extra comfort and confidence while a digital multi-function display meter and a large windshield help make the longer rides more enjoyable. Four luggage hooks are built into the rear carrier so you can secure your luggage.

WARRANTY
