

Kawasaki

2018 VULCAN[®]
MOTORCYCLES

A motorcyclist wearing a dark jacket and helmet is riding a Vulcan cruiser motorcycle on a winding asphalt road. The road curves to the right and has double yellow lines. The background consists of rugged, rocky hills under a clear sky. The overall scene conveys a sense of freedom and adventure.

VULCAN®

BREAKING BOUNDARIES

Introducing the 2018 lineup of Vulcan® cruisers, where supreme engineering, muscular strength and spirited style blend together to become a force to be reckoned with. From the sporty, Ninja®-inspired Vulcan S to the thunderous Vulcan 1700 Voyager®, Vulcan motorcycles offer an exciting range of carefully-crafted yet incredibly versatile cruisers to suit every rider. Make new discoveries around town. Attack the open road for miles on end. When you're on a Vulcan cruiser, there's nothing holding you back.

VULCAN® S FAMILY

WILD AT HEART

With the heart of a sportbike and the comfort of a classic cruiser, Kawasaki brings together the best of both worlds in the groundbreaking Vulcan® S ABS motorcycle.

An abundance of torque and a responsive chassis offer an exhilarating and confidence-inspiring ride that appeals to new and experienced riders alike.

Unwavering power and generous lean angles can take you for an exciting ride, while the added benefit of Kawasaki ERGO-FIT™ adjustable components make the Vulcan S the ultimate in versatility for riders of varying stature.

Find your fit and begin your journey into motorcycling with the Vulcan S motorcycle.

CONFIGURE YOUR ERGO-FIT™

One size fits all? Not when it comes to your ride. Take control with ERGO-FIT™ adjustability—a Kawasaki system of adjustable components that offers 18 different configurations for your height, size and preference. As an added bonus, the selected ERGO-FIT parts will be fitted to the motorcycle at the time of purchase to ensure customers leave the Kawasaki dealership with the ideal fit. Experience the comfort of the ERGO-FIT system, available through your participating Kawasaki dealer for every Vulcan® S motorcycle.

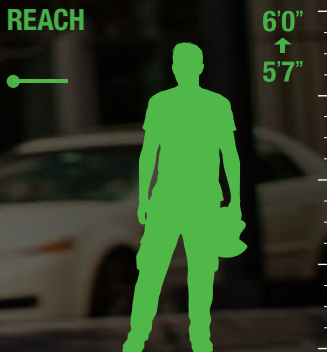

REDUCED REACH

- Designed for riders 5'6" and under
- ERGO-FIT Reduced Reach Handlebar decreases reach by 1 inch
- ERGO-FIT Reduced Reach Seat moves you forward 2 inches
- Footpegs are adjusted 1 inch closer*

MID REACH

- Designed for riders from 5'7" to 6'0" tall
- ERGO-FIT Mid Reach Handlebar is in the factory-installed position
- ERGO-FIT Mid Reach Seat is tapered for an easy reach to the ground
- Footpegs are in factory position

EXTENDED REACH

- Designed for riders 6'1" tall and above
- Handlebar levers are adjusted away from the handlebar
- ERGO-FIT Extended Reach Seat moves hip support back 1 inch
- Footpegs are adjusted 1 inch forward*

*Accessory shift-linkage rods required when changing footpeg position from standard
Height ranges are a suggestion. Individual fit may vary

VULCAN® S ABS & VULCAN S ABS SE

THE ULTIMATE CRUISER

A rider wearing a black helmet and jacket is riding a black and white Vulcan S ABS motorcycle on a city street. The motorcycle is in motion, with a blurred background of buildings and trees. The rider is wearing blue jeans and black boots. The motorcycle has a large headlight, a black fuel tank, and a black seat. The front wheel is large and black. The rider is looking forward, and the motorcycle is leaning slightly to the right.

Unlike any other cruiser, the Vulcan® S ABS is geared up to fit a wide range of riders. Never taking away from its stylish features, this bike takes comfort, adjustability and confidence-inspiring power to the next level. Whether you're commuting to work or enjoying a day trip, the Vulcan S ABS lets you enjoy every ride.

NON ABS MODEL AVAILABLE

PEARL BLIZZARD WHITE (VULCAN S ABS)

PEARL LAVA ORANGE (VULCAN S ABS SE)

ENGINE	4-stroke, 2-cylinder, DOHC, liquid-cooled

REAR SUSPENSION / WHEEL TRAVEL	Lay-down offset rear shock with linkage and adjustable preload/3.1 in
FRONT TIRE	120/70x18
REAR TIRE	160/60x17
FRONT BRAKES	Single 300mm disc with twin-piston caliper, ABS
REAR BRAKES	Single 250mm disc with single-piston caliper, ABS
RAKE/TRAIL	31°/4.7 in
SEAT HEIGHT	27.8 in
CURB WEIGHT	498.3 lb**
FUEL CAPACITY	3.7 gal
WHEELBASE	62.0 in

**Curb weight includes all necessary materials and fluids to operate correctly, full tank of fuel (more than 90 percent capacity) and tool kit (if supplied). When equipped, California evaporative emissions equipment adds approximately 2.2 lb.

ENGINE

Derived from the Kawasaki Ninja® sportbike, the 649cc parallel-twin engine of the Vulcan® S ABS turns out incredibly smooth power, tuned for a strong delivery in the low- to mid-range. Predictable roll-on power helps build confidence while the sportbike DNA shines through as the revs climb, offering a surprisingly spirited ride in the high-rpm range.

SUSPENSION

Built to accommodate a variety of riders, the rear shock features a seven-position preload adjuster that can optimize the rear suspension for the rider, passenger and cargo weight, ensuring a smooth, comfortable ride. Adjustments can be made to suit rider preference—a softer setting for a plush feel or stiffer setting for a sportier ride.

WHEELS & TIRES

Sportbike-inspired wheels and performance tires add style to the Vulcan® S ABS and highlight the generous lean angles. With a focus on fun, the stylish twin-spoke alloy wheels and radial tires grip the ground with sure-footed control for a predictable ride. Working in tune with the slim, lightweight chassis, the ground-gripping proficiency provides confidence for riders, while also offering sporty capability.

VULCAN® S ABS CAFÉ

STREET APPEAL

Forget what you know about traditional cruisers and meet the Vulcan® S ABS Café motorcycle. This sporty take on the versatile Vulcan S ABS challenges the limits of what a cruiser can be. The Vulcan S ABS Café brings a combination of power and performance to the surface in an edgy style like you've never seen before.

PEARL STORM GRAY

ENGINE	4-stroke, 2-cylinder, DOHC, liquid-cooled
DISPLACEMENT	649cc
TRANSMISSION	6-speed with positive neutral finder
FRONT SUSPENSION / WHEEL TRAVEL	41mm telescopic fork/5.1 in
REAR SUSPENSION / WHEEL TRAVEL	Lay-down offset rear shock with linkage and adjustable preload/3.1 in
FRONT TIRE	120/70x18
REAR TIRE	160/60x17
FRONT BRAKES	Single 300mm disc with twin-piston caliper, ABS
REAR BRAKES	Single 250mm disc with single-piston caliper, ABS
RAKE/TRAIL	31°/4.7 in
SEAT HEIGHT	27.8 in
CURB WEIGHT	502.7 lb**
FUEL CAPACITY	3.7 gal
WHEELBASE	62.0 in

**Curb weight includes all necessary materials and fluids to operate correctly, full tank of fuel (more than 90 percent capacity) and tool kit (if supplied). When equipped, California evaporative emissions equipment adds approximately 2.2 lb.

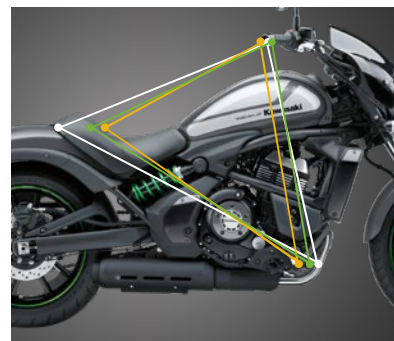

CAFÉ STYLING

The Vulcan® S ABS Café cruiser features an aggressive appearance, while retaining its low seat height and relaxed rider position. Three-tone paint, signature tank badging and sport striping emphasize the spirit of the Vulcan S ABS Café model.

WIND DEFLECTOR

The Vulcan® S ABS Café is characterized by a unique wind deflector over the headlight. This compact, dark-tinted deflector helps deflect wind away from the rider for a more comfortable ride.

ERGO-FIT™ ADJUSTABILITY

Three different ERGO-FIT™ seat positions allow riders of varying stature to select the right location and best hip support. Find a comfortable reach with your choice of accessory handlebars and personalize the fit with standard adjustable clutch and brake levers. Relax your legs and go the distance in comfort with factory-installed three-position adjustable footpegs.

VULCAN® 900

REBEL SOUL

Turn heads as you take on your next adventure aboard a Kawasaki Vulcan® 900 motorcycles. Right off the showroom floor, the 900cc V-twin powered cruiser has all the style and attitude of a one-of-a-kind build. From the detailed paint on the tank and fenders to the thunderous exhaust, every Vulcan 900 Series is an artful expression of individuality. The appearance of the Vulcan 900 cruisers stands in almost stark contrast to the smooth ride and efficient power. Powered by a potent, fuel-injected 55-degree 903cc V-twin, the Vulcan 900 Series offers robust low- to mid-range torque with a smooth-shifting five-speed transmission and a smooth, quiet belt drive. Enjoy the dynamic fusion of hand-built design and production quality with the Vulcan 900 Series—a tantalizing combination that could only come from Kawasaki.

A rider wearing a grey helmet, sunglasses, a grey jacket, and blue jeans is riding a green and black Kawasaki Vulcan 900 Custom motorcycle on a city street. The motorcycle features a large round headlight, orange turn signals, and a prominent fuel tank with 'VULCAN 900 CUSTOM' branding. The background shows a city street with buildings, trees, and parked cars.

VULCAN® 900 CUSTOM

A CUSTOM CREATION

Make a statement with the Kawasaki Vulcan® 900 Custom cruiser. This 900cc V-twin exudes as much style as it does muscle, with a distinctive look that will turn heads wherever you go. The slash-cut exhaust and contoured fuel tank highlight the striking appearance of the Vulcan 900 Custom while glossy black elements, including the tall 21-inch front wheel with eye-catching 3D twin-spoke design, give it the look of a custom-built bike. While the appearance says handcrafted, the performance speaks for itself with a smooth ride, balanced handling and steadfast reliability.

CANDY LIME GREEN / METALLIC SPARK BLACK

ENGINE	4-stroke, 55° V-twin, 4 valves per cylinder, SOHC, liquid-cooled
DISPLACEMENT	903cc/55.10 cu in
TRANSMISSION	5-speed with positive neutral finder
FRONT SUSPENSION / WHEEL TRAVEL	41mm hydraulic telescopic fork/5.9 in
REAR SUSPENSION / WHEEL TRAVEL	Uni-Trak® swingarm, 7-way adjustable spring preload/4.1 in
FRONT TIRE	80/90x21
REAR TIRE	180/70x15
FRONT BRAKES	Single 300mm hydraulic disc
REAR BRAKES	Single 270mm hydraulic disc
RAKE/TRAIL	33°/7.2 in
SEAT HEIGHT	27.0 in
CURB WEIGHT	610.8 lb**
FUEL CAPACITY	5.3 gal
WHEELBASE	64.8 in

**Curb weight includes all necessary materials and fluids to operate correctly, full tank of fuel (more than 90 percent capacity) and tool kit (if supplied). When equipped, California evaporative emissions equipment adds approximately 2.2 lb.

STYLE

The unique style can be found in its contrasting design elements—smooth, flowing lines of the bodywork meet the angular details of the slash-cut mufflers and the chromed drag-style handlebar. The combination of glossy black finish and the matte black elements creates an eye-catching dynamic, with the detailed paint of the contoured fuel tank and fenders.

SEAT

The saddle seat lends to its custom appearance and edgy profile. The rider sits low in the chassis, allowing for a comfortable ride and an easy reach to the ground, as well as a low center of gravity for improved handling. The forward-mounted footpegs enhance the seating position while also improving rider control.

WHEELS

Cast-spoke wheels feature a glossy black finish with green accents for a distinctive hand-made look. The tall front wheel crafted with a 3D twin-spoke design is among the standout characteristics. The eye-catching 21-inch front wheel enhances maneuvering ability and is contrasted by a wide 15-inch rear wheel. Put power to the ground with a beefy 180mm rear tire.

VULCAN® 900 CLASSIC

CLASSICS ARE ALWAYS IN STYLE

The Vulcan® 900 Classic motorcycle offers clean, flowing lines for a classic look. A plush, bucket-shaped seat and spacious floorboards give the Vulcan 900 Classic the comfort for all-day cruising. Set sail on the highway with the timeless appeal of whitewall tires and wire-spoked wheels with minimalist styling. Enjoy the pure freedom of the open road with this classic Kawasaki V-twin cruiser.

METALLIC MATTE GRAPHITE GRAY / METALLIC MATTE CARBON GRAY

ENGINE	4-stroke, 55° V-twin, 4 valves per cylinder, SOHC, liquid-cooled
DISPLACEMENT	903cc/55.10 cu in
TRANSMISSION	5-speed with positive neutral finder
FRONT SUSPENSION / WHEEL TRAVEL	41mm hydraulic telescopic fork/5.9 in
REAR SUSPENSION / WHEEL TRAVEL	Uni-Trak® swingarm, 7-way adjustable spring preload/4.1 in
FRONT TIRE	130/90x16
REAR TIRE	180/70x15
FRONT BRAKES	Single 300mm hydraulic disc
REAR BRAKES	Single 270mm hydraulic disc
RAKE/TRAIL	32°/6.3 in
SEAT HEIGHT	26.8 in
CURB WEIGHT	619.6 lb**
FUEL CAPACITY	5.3 gal
WHEELBASE	64.8 in

**Curb weight includes all necessary materials and fluids to operate correctly, full tank of fuel (more than 90 percent capacity) and tool kit (if supplied). When equipped, California evaporative emissions equipment adds approximately 2.2 lb.

ENGINE

Powered by a potent 55-degree fuel-injected 903cc V-twin engine, the Vulcan® 900 Classic has the muscle to match its bold appearance. Broad low- to mid-range torque and a smooth-shifting five-speed transmission make it easy to keep the power flowing to the pavement for comfortable all-day cruising. Excellent fuel economy means fewer stops as you click off the miles.

SCULPTED FUEL TANK

A beautifully sculpted 5.3-gallon fuel tank serves as the centerpiece of the Vulcan® 900 Classic, offering large capacity and head-turning style. In keeping with its clean lines and minimalist styling, the fuel tank also houses the sleek instrument panel. The solo gauge indicates speed and fuel level, plus odometer and trip meter functions. It's everything you need for a pure classic ride.

WHITEWALL TIRES

A true classic isn't complete without the prominent look of whitewall tires and spoked wheels. The Vulcan® 900 Classic boasts these signature style elements, complemented by the full-coverage cut of the fenders for a distinguished look sure to please any true classic enthusiast. Performance tires, including a wide 180mm rear, offer modern performance with premium handling capabilities.

VULCAN® 900 CLASSIC LT

NOTHING BEATS A CLASSIC

Prepare for open-road adventure on the Vulcan® 900 Classic LT motorcycle. Take the long road with the comfort of the height-adjustable windshield and ample onboard storage. Top-grain leather saddlebags allow you to carry extra gear on a weekend adventure, while the low-slung bucket seat and spacious floorboards afford all-day comfort. Even your passenger can ride in relaxation with the supple passenger seat and backrest. Chrome brass studs give a sharp look to the Vulcan 900 Classic LT, a cruiser that will put a smile on your face as you soak up mile after mile.

CANDY CARDINAL RED / METALLIC GRAYSTONE

ENGINE	4-stroke, 55° V-twin, 4 valves per cylinder, SOHC, liquid-cooled
DISPLACEMENT	903cc/55.1 cu in
TRANSMISSION	5-speed with positive neutral finder
FRONT SUSPENSION / WHEEL TRAVEL	41mm hydraulic telescopic fork/5.9 in
REAR SUSPENSION / WHEEL TRAVEL	Uni-Trak® swingarm, 7-way adjustable spring preload/4.1 in
FRONT TIRE	130/90x16
REAR TIRE	180/70x15
FRONT BRAKES	Single 300mm hydraulic disc
REAR BRAKES	Single 270mm hydraulic disc
RAKE/TRAIL	32°/6.3 in
SEAT HEIGHT	26.8 in
CURB WEIGHT	657.1 lb**
FUEL CAPACITY	5.3 gal
WHEELBASE	64.8 in

**Curb weight includes all necessary materials and fluids to operate correctly, full tank of fuel (more than 90 percent capacity) and tool kit (if supplied). When equipped, California evaporative emissions equipment adds approximately 2.2 lb.

HEIGHT-ADJUSTABLE WINDSHIELD

Riders come in all shapes and sizes, which is why the chrome-trimmed acrylic windscreen of the stylish and versatile Vulcan® 900 Classic LT is height-adjustable. Divert airflow around you for a more smooth and comfortable ride.

LEATHER SADDLEBAGS

Enjoy the convenience of ample onboard storage with reinforced, top-grain leather saddlebags. Deep-dyed leather provides a sharp look and natural finish, while the chromed-brass studs and concealed quick-release fasteners provide seamless style.

2-TONE PAINT

The classic two-tone paint on the fuel tank and fenders give a smooth, streamlined look. Complemented by chrome detailing and the embossed tank logo, the Vulcan 900 Classic LT presents a stately appearance, reflective of its trademark performance and dependability.

VULCAN® 1700 CRUISERS

DRESSED TO THRILL

The Vulcan® 1700 cruisers represent Kawasaki design at its finest. A thunderous 1,700cc fuel-injected V-twin engine with cruise control puts the power to the pavement, and a host of premium touring amenities like intercom-headset compatible audio system and integrated Luggage Rack ensures an exhilarating ride. No matter how long the road is, the Vulcan 1700 motorcycles will get you there in comfort and style.

VULCAN® 1700 VAQUERO® ABS

RULE THE ROAD

It may look like a custom V-twin bagger, but the Vulcan® 1700 Vaquero® ABS cruiser is in a class of its own. A thunderous 1700cc fuel-injected V-twin featuring advanced Kawasaki technology offers a smooth, reassuring ride. The blacked-out engine, distinct bodywork styling and select chrome accents create a unique and bold appearance. Enhance the fun-factor of Kawasaki performance with the head-turning style of the Vulcan 1700 Vaquero ABS.

METALLIC SPARK BLACK

ENGINE	4-stroke, 52° V-twin, liquid-cooled
DISPLACEMENT	1,700cc/103.7 cu in
TRANSMISSION	6-speed with overdrive and positive neutral finder
FRONT SUSPENSION / WHEEL TRAVEL	45mm hydraulic fork/5.5 in
REAR SUSPENSION / WHEEL TRAVEL	Swingarm with twin air-assisted shocks, with 4-way rebound damping/3.1 in
FRONT TIRE	130/90x16
REAR TIRE	170/70x16
FRONT BRAKES	Dual 300mm discs, dual four-piston calipers, K-ACT II ABS
REAR BRAKES	Single 300mm disc, twin-piston caliper, K-ACT II ABS
RAKE/TRAIL	30°/7.0 in
SEAT HEIGHT	28.7 in
CURB WEIGHT	844.5 lb**
FUEL CAPACITY	5.3 gal
WHEELBASE	65.6 in

**Curb weight includes all necessary materials and fluids to operate correctly, full tank of fuel (more than 90 percent capacity) and tool kit (if supplied). When equipped, California evaporative emissions equipment adds approximately 2.2 lb.

ENGINE

Command the highway with the thunderous power of the Kawasaki Vulcan® 1700 Vaquero® ABS. The potent 1,700cc digitally fuel-injected V-twin engine pours on power through an Electronic Throttle Valve (ETV) and six-speed transmission.

RIDER COCKPIT

Touring style elements carry over into the cockpit, where car-inspired instrumentation highlights the color-matched dash. The classic appearance belies the host of modern onboard amenities such as the AM/FM/WB audio system with iPod® and SiriusXM® compatibility. Small locking storage compartments below the premium speakers allow you to stow electronics, sunglasses and other necessities in a convenient spot.

TECHNOLOGY

Performance and control come into focus thanks to an advanced suite of engine and handling electronics. Kawasaki Advanced Coactive-braking Technology (K-ACT) ABS comes standard for a smooth, reassuring ride. Electronic cruise control system can be activated in third gear or at any speed between 30mph and 85mph so you can relax and enjoy the ride.

VULCAN® 1700 VOYAGER® ABS

ONE FOR THE ROAD

The Vulcan® 1700 Voyager® ABS motorcycle is the king of Kawasaki cruisers and a pinnacle of power and luxury on the open road. A 1,700cc digitally fuel-injected V-twin engine with six-speed transmission commands the road, while a host of premium touring amenities gives you and your passenger the comfort to go the distance. Kawasaki Advanced Coactive-braking Technology (K-ACT) ABS and electronic cruise control are part of the standard package so you can enjoy the journey, no matter where your destination may be.

CANDY CARDINAL RED / METALLIC GRAYSTONE

ENGINE	4-stroke, 52° V-twin, liquid-cooled
DISPLACEMENT	1,700cc/103.7 cu in
TRANSMISSION	6-speed with overdrive and positive neutral finder
FRONT SUSPENSION / WHEEL TRAVEL	45mm hydraulic fork/5.5 in
REAR SUSPENSION / WHEEL TRAVEL	Swingarm with twin air-assisted shocks, with 4-way rebound damping/3.1 in
FRONT TIRE	130/90x16
REAR TIRE	170/70x16
FRONT BRAKES	Dual 300mm discs, dual four-piston calipers, K-ACT II ABS
REAR BRAKES	Single 300mm disc, twin-piston caliper, K-ACT II ABS
RAKE/TRAIL	30°/7.0 in
SEAT HEIGHT	28.7 in
CURB WEIGHT	895.2 lb**
FUEL CAPACITY	5.3 gal
WHEELBASE	65.6 in

**Curb weight includes all necessary materials and fluids to operate correctly, full tank of fuel (more than 90 percent capacity) and tool kit (if supplied). When equipped, California evaporative emissions equipment adds approximately 2.2 lb.

CRUISE CONTROL

Relax and soak up the open road with the innovative electronic cruise control system. Cruise control can be engaged and adjusted entirely from the right side of the handlebar—set your cruising speed between 30 and 85 mph (in third gear or above) with the push of a button and easily accelerate or decelerate with a toggling switch while remaining in cruise control mode.

FULLY-LOADED DASH

The frame-mounted fairing not only provides ample rider protection, but also houses numerous accommodations for you and your passenger. Large, easy-to-read instrumentation including a central LCD screen keeps you informed and in control.

AUDIO

Powerful speakers accompany the standard AM/FM/WB audio system with accessory iPod® and SiriusXM® compatibility. It also features Navigation Audio Prompt Capability in conjunction with select Garmin® GPS devices (sold separately).

KAWASAKI GENUINE ACCESSORIES ARE DEVELOPED BY KAWASAKI ENGINEERS

This ensures a perfectly integrated fit, easy and seamless installation, and long-lasting dependability.

KAWASAKI STRONG

MUCH MORE THAN MOTORCYCLES

With 130 years of Kawasaki Heavy Industries, Ltd. (KHI) engineering building the heaviest, most durable and complex machines on the planet, Kawasaki STRONG is a name we can claim. KHI builds tunnel-boring machines that connect continents and trains that carry millions of New Yorkers in and out of the city 24 hours a day, seven days a week. From these engineering monsters, to the last bolt on the Vulcan® S ABS, KHI engineering says, over and over: Use me. Rely on me. I'm built for the open road.

BULLET TRAINS

You already know KHI builds machines that move people. But, did you know it also builds machines that move thousands of people—all at once? We're talking trains here. From New York City subway cars to Japan's hyper-speed bullet trains, Kawasaki has been in the business since 1906. Whether a 186-mph bullet train or a 1,441cc Ninja® ZX™-14R motorcycle, KHI likes to believe that the technology that goes into moving thousands of people has a positive effect on how it goes about moving just one.

MOTORCYCLES

Since KHI built its first motorcycle engine in 1953, it has never stopped pushing technology to arm riders with what they need to dominate the streets. Advanced engineering, exhaustive testing and tireless passion go into every motorcycle every time rubber hits the road. From industry-first features to the features that have evolved over a long history, KHI's innovations will never stop feeding the insatiable appetites of riders around the world.

ROBOTICS

If robots are the future, then KHI has been shaping it since 1969 when the company built its first industrial robot. KHI continues to be a leader in the development of robots for a diverse number of processes including: assembly, handling, welding, painting and sealing. Kawasaki robot technology is being used every day to manufacture motorcycles and other products.

LIMITED WARRANTY

The Kawasaki Vulcan® S, Vulcan S ABS, Vulcan S ABS SE, Vulcan S ABS Café, Vulcan 900 Custom and Vulcan 900 Classic come with a 12-month limited warranty. The Vulcan 900 Classic LT comes with a 24-month limited warranty. The Vulcan 1700 Vaquero® ABS, and Vulcan 1700 Voyager® ABS, come with a 36-month limited warranty.

UP TO FOUR YEARS ADDITIONAL COVERAGE

Let Kawasaki protect your new vehicle for years to come with Kawasaki Protection Plus™. This plan repairs or replaces covered components free of charge if found defective in material or workmanship. Everything about the plan is easy: There's no deductible. It's honored at every authorized Kawasaki dealer nationwide. It's transferable to another owner with no fee. Just ask your dealer how you can purchase additional coverage of 12, 24, 36, or 48 months (depending on the model and plan purchased).
