THE ORIGINAL ICON

The Kawasaki W motorcycle has never known conformity. At its inception, the 1966 Kawasaki W1 650 represented Kawasaki's quest for speed and was a true competitor to the well-established Western manufacturers. From there, Kawasaki's first twin cylinder, four-stroke powered motorcycles evolved into the W1SS, W2, W2TT, W3, and went on to pave the way for future Kawasaki legends.

The Society of Automotive Engineers of Japan solidified the 1966 W1 650 as one of the greats by voting it a landmark of Japanese automotive technology. Today, Kawasaki W1 and W2 motorcycles are highly sought-after collectibles.

Preserving the authenticity of the famed W1, the W800 CAFE has been modernized for trailblazers who prefer to ride to the throaty roar of timeless performance.

MODERN TECHNOLOGY

The distinct pulse of the classic vertical twin engine invites you back to the 1960s, but an integration of modern technology will bring you forward to modern day. Electric start offers easy and dependable starting while modern fuel injection ensures clean, consistent engine performance. Front and rear disc brakes with standard ABS deliver strong braking performance, while the Assist and Slipper clutch provides light clutch pull and helps prevent rear-wheel hop during aggressive downshifting.

UNMISTAKABLE AUTHENTICITY

Metallic Magnesium Gray/Galaxy Silver

The 1960s spirit runs deep in the 2019 Kawasaki W800 CAFE motorcycle. For 2019, Kawasaki brings class-leading authentic styling, sound and feel to the category of retro motorcycles. In building the W800 CAFE, Kawasaki has meticulously crafted one of the most authentic retro bikes in appearance and design, paying homage to the past, all while tastefully incorporating modern technology and features.

ENGINE

As a nod to genuine vintage design, the air-cooled vertical twin-cylinder 773cc four-stroke engine features a distinct bevel gear-driven camshaft. The long-stroke 360° crankshaft engine churns out a steady pulse of rich low-end torque for a visceral experience that can only come from a timeless classic.

PERFORMANCE

True to the style of traditional café motorcycles, the Kawasaki W800 CAFE is designed to deliver active handling. A touch of modern performance meets vintage style with the all-new twin-shock chassis, including firm suspension and a rigid frame. 18-inch front and rear wheels offer sporty handling.

BREAK THE STATUS QUO

W1 INSPIRED

The W800 CAFE motorcycle is equipped with unique, eye-catching features, such as the low M-shaped clubman-style handlebar and a bobbed front fender. The forward-leaning position is reminiscent of the original café racer machines while the exhaust forms a smooth and stylish curve around the engine, with slim chambers of the peashooter-style silencers culminating in long tail pipes. Its unmistakable iconic heritage can be heard through its throaty exhaust note, creating a hearty roar to complement every twist of the throttle.

AUTHENTIC ROOTS

The two-person café seat provides style and comfort while a blacked-out engine, traditional instrumentation panel and black alumite-coated rims create a modern feel disguised in distinct 1960s fashion. The neutral ergonomics perfectly suit the versatile nature of the W800 CAFE motorcycle, offering a lively ride through the hills or a comfortable cruise through town with a passenger.

CAFÉ-RACER STYLE FRONT COWL

It doesn't get more genuine than the café-racer style front cowl and vintage round headlamp. In a nod to the café racers that characterized the Golden Age of motorcycling, this contoured element brings classic attitude together with modern aerodynamics and LED functionality for head-turning looks and offers added wind protection on the road.

LIMITED WARRANTY

The Kawasaki W800 CAFE motorcycle comes with a 12-month limited warranty.
