## ERGO-FIT® COMFORT

1

### Interchangeable Seats

Three different ERGO-FIT® seats are available to help riders find the right reach to the ground, while keeping things comfortable.

2

### Adjustable Footpegs

Factory-installed three-position adjustable footpegs move both towards and away from the rider's body, allowing for just the right amount of legroom.

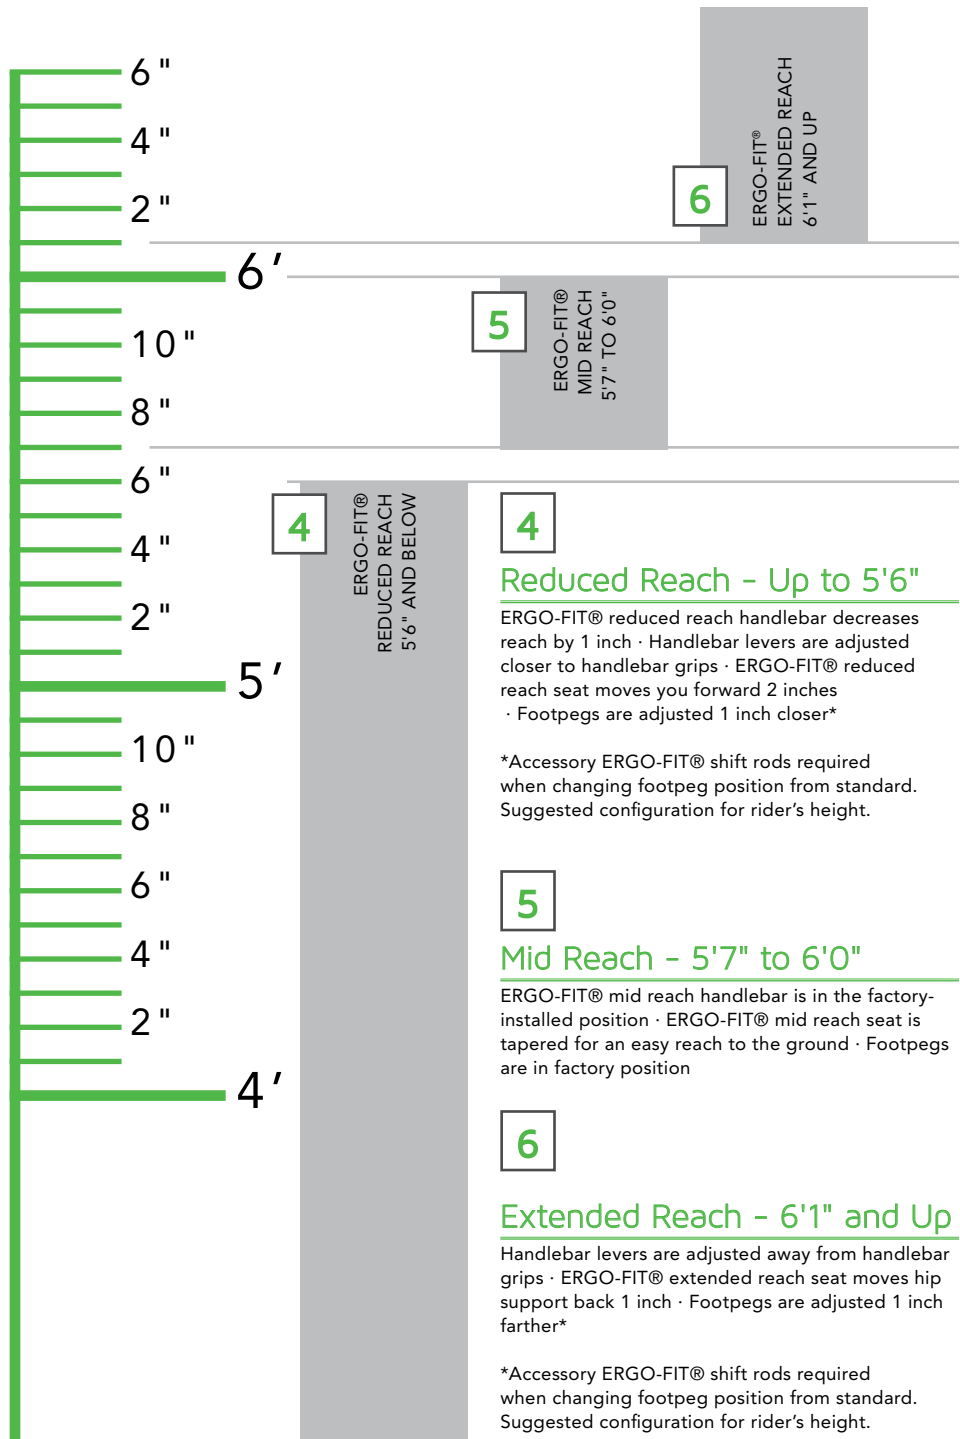

3

### Versatile Handlebar

A combination of accessory handlebars and standard adjustable clutch and brake levers allows riders to find a comfortable reach.

## Sizing Information

The Vulcan® S motorcycle features a combination of adjustable factory components and ERGO-FIT® accessories. There are 18 different adjustable configurations to achieve a preferred fit for comfort and confidence. Use the chart below as a suggestion for finding the right fit based on your height.

## A ERGO-FIT® Reduced Reach Seat

The interchangeable ERGO-FIT® reduced reach seat moves riders forward 2 inches to suit most riders 5'6" and under • Made to fit and complement the Vulcan® S motorcycle, this seat will help riders find the preferred reach to the ground while keeping things comfortable • PVC foam with vinyl cover

- Not compatible with ERGO-FIT® extended reach passenger seat (K53001-252B)
