## Supercharge your journey: Kawasaki's next evolution of the H2 is the ultimate tourer

The original supercharged Ninja H2 was created to offer riders something they had never experienced. This Kawasaki was merely the opening act. Now, for their next challenge Kawasaki brings the unique sensory experience of a supercharged engine to the sport tourer category with the new Ninja H2 SX SE. Fitted with all the equipment needed to enjoy 2-up touring and responsive sport riding. The ultimate Sport Tourer motorcycle.

- SUPERB FUEL EFFICIENCY
- LIGHT TRELIS FRAME
- ELECTRONIC CRUISE CONTROL
- USABILITY & SUPERCHARGED ACCELERATION
- MULTI-FUNCTION TFT COLOUR LCD METER
- FULL-FAIRING: SPORTY PROTECTION

### HIGH-TECH EQUIPMENT

Technology includes an IMU-equipped electronics package, full colour TFT LCD instrumentation, 100% LED lighting, Traction Control, Cornering Management, plus much more.

### READY FOR TOURING

Panniers that integrate into the motorcycle seamlessly combine with a relaxed, sporty riding position and comfortable seat to deliver the ultimate supercharged touring experience.

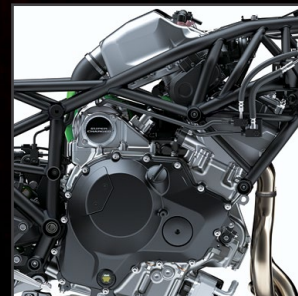

### CRUISE CONTROL

First for a Kawasaki Sport Tourer; the latest cruise control system allows desired speed to be maintained with the simple press of a button.

### SUPERCHARGED JOURNEY

Innovative trellis frame with passenger and pannier carrying ability and a riding position designed for both sport riding and comfort, plus an extended fuel range.

## MAN-MACHINE INTERFACE

The ergonomics enable the rider to enjoy the bike's performance with a modicum of comfort and all the information at their fingertips.

## HIGH-SPEED STABILITY & HANDLING

The trellis frame combined with the single sided swing arm are designed for unflappable composure at ultra-high speeds with cornering performance.

## STOPPING, GOING & TURNING

KYB AOS-II racing suspension up front and Ohlins TTX36 rear suspension. The combination offering superb road-holding and stable performance.

## HIGH PRECISION PRODUCTION

Special permission was obtained to use the River Mark on the Ninja H2 products; reserved for models of historical significance.

## The Ninja H2 Carbon is the rare beast worth capturing

The culmination of an unprecedented level of inter-company collaboration within the Kawasaki Group. Exquisite craftsmanship and styling. Equipped with a carbon fibre upper cowl and boasting Ohlins rear suspension, up and down quick shifter and bank angle display. Ninja fans can look forward to ongoing exhilaration with the Ninja H2 Carbon.

- ASSIST & SLIPPER CLUTCH
- 9-MODE TRACTION CONTROL
- SUPERB GREEN TRELIS FRAME
- LAUNCH CONTROL & INTELLIGENT BRAKING
- BANK ANGLE INDICATOR DISPLAY
- CORNERING MANAGEMENT SYSTEM
