OIL & LUBRICANTS

SPECIFIC NEEDS SPECIFIC OILS

Polaris invests millions in engine development, and part of that investment is making sure its lubricants—critical to engine performance—are the right formula for your specific engine. The amount of testing data and engineering resources used in

developing Polaris' lubricants would overwhelm an aftermarket company. Therefore, the aftermarket must spec an oil to an industry-wide standard that must account for a variety of operating parameters.

As a dealer, follow the website instructions to determine which accessories you can install on a specific vehicle. When adding accessories, equipment, passengers and luggage to a vehicle, do not exceed total weight capacity of the vehicle or of the front or rear axle (GVWR or GAWR as indicated on the Safety Compliance Certification Label). It is the dealer's responsibility to use the Polaris® Slingshot® Accessories website as a tool for limiting the amount of accessories, based on maximum allowable vehicle weight requirements. For a complete listing of the accessories that are available for your vehicle, please contact your authorized dealer or visit the online store web site: Web Address (United States): <http://www.polaris.com/en-us/slingshot/shop/accessories>. It may be a violation of the Clean Air Act or the NHTSA regulations to disregard these requirements. Due to the technical nature of this kit, Polaris® insists that this installation be performed by a trained Slingshot® technician. Always secure latches during operation. Failure to secure latches may result in unintended opening or release causing injury to others or damage to Slingshade®. This top is not a safety device or roll cage. It is not intended to protect the occupants in the event of a rollover or other unforeseeable events. This top is not a roof and is not intended to haul cargo. NEVER attach, strap, or haul objects of any type or weight on this top. This top is not intended to contain or restrain the occupant or provide additional safety protection. ALWAYS wear a full face helmet, seatbelt, and other safety equipment as outlined in your vehicle owner's manual. Failure to follow these warnings could lead to serious injury or death. Slingshade® fits MY17-19 Slingshot® Models ONLY (does not fit vehicles MY16 and older). Slingshot® is a three-wheeled motorcycle. It is not an automobile and does not meet automotive safety standards. Drivers should always wear helmets and seat belts. Drivers may need a valid motorcycle license or endorsement – check state operator licensing laws. Don't drink and drive. U.S. models shown with optional accessories.
